Alternative grading scheme:

Your final grade in the course will be determined as the greater of:

- i) The grade calculated using the weighting above.
- ii) The grade calculated with no weighting allocated to the quizzes, and an additional 5% added to the weighting of each of the mid-term and the final exam.

Tests and Exams:

The exams will consist of short answer problems, similar to problems assigned in the textbook. You will be permitted to bring writing materials, a non-programmable calculator and 2 sheets of notes (8.5" x 11" pages, double sided). **Note sheets must be created by you. This means that material from another source must go through your eyes, into your brain, and then be transferred onto the page by hand writing it (typed note sheets will be taken away at the exam). It cannot be photocopied from some other source. Under no circumstances can you use notes prepared by another student.** Should there be any concerns about your cheat sheet during an exam, it will be taken away from you.

No other items will be permitted at your desk in the examination room. This includes dictionaries, cell phones, iPod's, etc. These rules will be strictly enforced as it is my responsibility to do everything possible to prevent cheating on examinations.

Students are **REQUIRED TO COMPLETE ALL COMPONENTS** of this course. There are no exceptions to this. Extra assignments to improve grades will **NOT** be allowed.

Grades will **not** be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: *You* are responsible for your grades in this course.

Assignment:

There will be one hand in assignment required for this course. **You must complete the assignment and ALL tests/exams to pass the course.** The distribution and due date is provided in the table above. The assignment will require you to research tax issues and develop an opinion on the appropriate treatment of a variety of situations for tax purposes. You will be required to submit your explanation of what you believe to be appropriate treatment for any issues described. Research materials you may use might include the *Income Tax Act*, the textbook, other CRA publications such as Interpretation Bulletins and Information Circulars and other tax related publications. It is fine for you to work with another student or group (of up to 4 students in total) to complete the assignment. Groups may submit one assignment for all members. If agreement cannot be reached on the tax treatment of some items then some group members may wish to submit an individual assignment. In this case, please indicate the names of all people consulted in completing the assignment. Beware of working in groups and using material provided by other students without proper referencing – this will be considered cheating if it is detected. **Plagiarism is a serious academic offence that can result in a penalty as severe as expulsion from the University.** Whenever you take an idea or a passage from another author, you must acknowledge your debt by using quotation marks where appropriate, and by proper referencing such as footnotes and citations. Western has software available to check for plagiarism, and you may be required to submit your work in electronic form so that it can be checked by this software.

Multiple Choice Quizzes

For several of the topics covered in this course, there will be a multiple choice quiz consisting of 10 multiple choice questions. These questions will be randomly assigned from a larger pool of questions. The results will be electronically scored and assessed. You will be given a window of time in which to complete each of these quizzes, and once you begin the quiz, you will have 1 hour to complete it. You may complete each quiz twice if you want, and the best grade will be recorded. The quiz will be available from 11 AM on the initial date indicated below until 11:59 PM on the final date indicated, which is always a Sunday. The first week the quiz is available will be the week we are covering the material for a particular chapter, and quiz will be available until the topic is completely covered in the outline. Your mark on this portion of the course will be based on the results from the best 4 out of the 5 unit quizzes. The dates that each quiz will be available, and the quiz content is listed below:

Available dates	Content
September 16 – 22	Chapter 20
September 23 – October 6	Chapters 18 and 19
October 7 – October 13	Chapters 12 and 13
October 14 – October 20	Chapter 14
November 4 – November 10	Chapter 15

Participation

- (1) 10% of your final grade will be a result of your contribution to class discussion.
- (2) It is expected that you will arrive on time, and be ready to work when you arrive.
- (3) I will evaluate your participation efforts after each class, taking into consideration both the quality of your participation and the quantity.
- (4) Quality is more important than quantity.
- (5) It is not anticipated that we will encounter any problems with poor preparation for class, disruptive behaviour, or frequent lateness or absences, however, should you choose to behave in any of these ways, you will experience a negative impact on your participation mark. I appreciate it very much when students advise me that they will be late, have to leave early, or will be absent from class.
- (6) The main objective of contributing to class discussion is not to be evaluated, but rather to learn, and to assist other members of the class (including the instructor) to learn.
- (7) PLEASE NOTE: **Participation marks must be earned.** They are not negotiable, however it is important that you understand why you get the mark that you do, so I am always available to discuss matters like this, and I will provide feedback on how you are doing at least once during the term. If you wish to have more frequent feedback, please let me know.

6. University Policy Regarding Illness

6.1. Illness

The University recognizes that a student's ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, **in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.**

Documentation shall be submitted, as soon as possible, to the appropriate Dean's office (the Office of the Dean of the student's Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy [<http://www.uwo.ca/univsec/handbook/general/privacy.pdf>].

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.)

A form to be completed by off-campus physicians is available at:

<http://counselling.ssc.uwo.ca/forms/medicalNote.pdf>

Whenever possible, students who require academic accommodation should provide notification and documentation **in advance of due dates, examinations**, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

6.2. Make Up Examinations

6.2.1. The student must write a make-up exam if the regularly scheduled exam is missed for reasons for which adequate documentation is received by the instructor (this documentation must be supplied by the Academic Counseling office).

6.3. Attendance

6.3.1. It is expected that students will attend all classes.

7. University Policy on Cheating and Academic Misconduct

- 7.1. Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses (see section 9.0 below). Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson, Room 251 University Community Centre, (519) 661-3573.
- 7.2. Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.
- 7.3. The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

8. Procedures For Appealing Academic Evaluations

- 8.1. In the first instance, all appeals of a grade must be made to the course instructor (informal consultation). If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Assistant Program Director or Designate of the BMOS program. If the response of the Assistant Director is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

9. Student Responsibilities

- 9.1. Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary and not redundant. As such, students who want to do well in this course are **strongly encouraged** to attend lectures on a regular basis. Please note that the instructor will not be providing copies of lectures notes or overheads. Therefore, if you miss a lecture, you should try to obtain this material from another student.

In this class, some students may be unaware that their private discussions are distracting to other people. If you feel that students are distracting your attention from the material, then you should ask them to be quiet. If you feel uncomfortable doing this (or the problem persists), then please see the instructor. In addition, please avoid engaging in private discussions with other students during the lectures.

To avoid unnecessary distractions, please arrive to each class on time.

11. Other Issues

11.1. Grade Policy

The DAN Program has a grade policy which states that for courses in the 4000 range, the class average must fall between 70% and 75% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Assistant Director or Director. Class averages are not grounds for appeal.

11.2. Short Absences.

If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

11.3. Extended Absences.

If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

11.4. Academic Concerns.

If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.

11.5. Important Dates:

September 9, 2013 Fall Session classes begin.
