Course Objectives, Learning Objectives and Format

Course Objectives:

MOS 4465A/B is an advanced financial accounting course focusing on international accounting and Canadian accounting treatment of inter-company investments, business combinations plus special consolidation issues, foreign currency transactions and translation and accounting for not-for profit organizations. Prerequisite: MOS 3360A, 3361B. Restricted to: 4th year MOS students

Learning Objectives:

- Prepare consolidated financial statements (Balance Sheet, Income Statement, Changes in Equity Retained Earnings) for a Parent Company and its subsidiaries. Summarize transactions between related parties sales/purchases of inventory, equipment, land, bonds and incorporate this in the consolidated financial statements.
- Analyze two recent mergers and acquisitions to demonstrate that IFRS requirements have been followed. Compare the two acquisitions to determine which should have most significant impact on future results for the acquirer.
- Prepare journal entries to record foreign exchange transactions for a fair value hedge and a cash flow hedge. Translate financial statements from a foreign currency into Canadian dollars using appropriate foreign exchange rates for integrated and self-sustaining foreign operations.
- Prepare journal entries for contributions received and disbursements made for Not-for-Profit organizations. Distinguish differences in recording transactions under the Deferral Method and the Restricted fund method and compare financial statement format under each method.

Course format:

Weekly classes will include lectures, group discussions and reviewing assigned problems and cases. Participation is required. Solutions will be posted on OWL2.

Evaluation:

PARTICIPATION

It is expected that students will attend all classes and arrive on time and ready to work. I will be evaluating on a daily basis both the quantity and quality of your efforts. The main objective of your contribution is not evaluation but learning or helping your colleagues (and instructor) to learn. The following list might be of some help.

A -- EXCELLENT

- contributed consistently to class discussions
- contributions indicated preparation and deep thought
- frequently explained difficult points or concepts
- provided positive direction for class discussions
- able to build and develop strong arguments for position

B-- GOOD Contribution

- contributed consistently to discussions
- contributions indicated preparation and some thought
- often explained difficult points or concepts
- occasionally built arguments for a position

C -- FAIR Contribution

- contributed to class discussions
- gave indication of preparation and thought
- occasionally helped in developing an argument

D -- **POOR** Contribution

- contributed infrequently to discussions
- gave little indication of preparation and thought
- did not aid in providing a positive atmosphere for meaningful discussion

E -- UNSATISFACTORY

- never, or almost never contributed to discussions
- gave no indication of preparation or thought

NOTES:

- (1) It is the student's responsibility to submit his or her own original written material in courses in this program. See the current Western Academic Calendar, "Scholastic Offences"
- (2) For a description of the process to be followed for mark/grades appeals see your professor.
- (3) The use of personal computers, or other hand held computing devices during examinations will not be permitted.

Closed book examinations. Dictionaries are NOT allowed into the examinations.

Only non-programmable calculators will be allowed into the exams. If you are unsure, please ask your professor to check your calculator.

Students are responsible for material covered in the lectures as well as the assigned chapters/sections in the text. Exams will not be returned to students but may be reviewed in the instructor's office.

Students are **REQUIRED TO COMPLETE ALL COMPONENTS** of this course. There are no exceptions to this. Extra assignments to improve grades will **NOT** be allowed.

Exams will be scored using the program Scan Exam which examines the answer sheets for unusual coincidences in the pattern of answers given which may be indicative and used as supporting evidence of cheating. Grades will **not** be adjusted on the basis of need. It is important to monitor your performance in the course.

Remember: You are responsible for your grades in this course.

University Policy Regarding Illness

Illness

The University recognizes that a student's ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters.

However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean's office (the Office of the Dean of the student's Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy [http://www.uwo.ca/univsec/handbook/general/privacy.pdf].

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean's Office in consultation with the student's instructor(s).

Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.) A form to be completed by off-campus physicians is available at: http://counselling.ssc.uwo.ca/forms/medicalNote.pdf

Whenever possible, students who require academic accommodation should provide notification and documentation **in advance of due dates, examinations**, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

Make Up Examinations

The student must write a make-up exam if the regularly scheduled exam is missed for reasons for which adequate documentation is received by the instructor (this documentation must be supplied by the Academic Counselling office).

Attendance

It is expected that students will attend all classes. The professor does not provide access to lecture notes. Students are encouraged to obtain missed lecture notes from a fellow student.

University Policy on Cheating and Academic Misconduct

Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses (see section below). Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson, Room 251 University Community Centre, (519) 661-3573.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

MOS 4465B Advanced Accounting

Procedures For Appealing Academic Evaluations

In the first instance, all appeals of a grade must be made to the course instructor (informal consultation). If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Assistant Program Director or Designate of the BMOS program. If the response of the Assistant Director is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

Student Responsibilities

Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary and not redundant. As such, students who want to do well in this course are **strongly encouraged** to attend lectures on a regular basis. Please note that the instructor will not be providing copies of lectures notes or overheads. Therefore, if you miss a lecture, you should try to obtain this material from another student.

In this class, some students may be unaware that their private discussions are distracting to other people. If you feel that students are distracting your attention from the material, then you should ask them to be quiet. If you feel uncomfortable doing this (or the problem persists), then please see the instructor. In addition, please avoid engaging in private discussions with other students during the lectures.

To avoid unnecessary distractions, please arrive to each class on time.

Support Services

The Registrar's office can be accessed for Student Support Services at <u>http://www.registrar.uwo.ca</u> Student Support Services (*including the services provided by the USC listed here*) can be reached at: <u>http://westernusc.ca/services/</u>) Student Development Services can be reached at: <u>http://www.sdc.uwo.ca/</u>

Students who are in emotional/mental distress should refer to Mental Health@Western http://www.uwo.ca/uwocom/mentalhealth/ for a complete list of options about how to obtain help."

Other Issues

Grade Policy

The DAN Program has a grade policy which states that for courses in the 3000-4000 range, the class average must fall between 70% and 75% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Assistant Director or Director. Class averages are not grounds for appeal.

Short Absences.

If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

Extended Absences.

If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

Academic Concerns.

If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.
