### **4. Course Objectives and Format**

#### ***Course objectives***

This course introduces multidisciplinary approaches to human behaviour in organizational settings. Attention will be paid to public and private sector organizations as well as those that operate within a profit and not-for-profit environment. A variety of contemporary issues will be examined from the perspective of the manager as well as those of the worker, the client and the citizen.

Accordingly, the major objectives of Management and Organizational Studies 2181 are:

- To provide an overview of the influential theoretical perspectives and research findings in the field of organizational behaviour
- To offer a set of conceptual frameworks, methodological approaches, and analytical skills which are useful in increasing our understanding of human behaviour in organizations
- To provide opportunities to practice the use of these conceptual frameworks through their application to organizational problems
- To challenge the student to think analytically and creatively about significant issues facing organizational stakeholders now and in the future

#### ***Course Outcomes***

Upon completion of this course, the student will be able to:

- Identify, explain and predict individual behaviour within various workplace situations; recognize and correct workplace situations that are experiencing inadequate levels of employee performance, (i.e., those behaviours that can prevent the achievement of organizational goals).
- Recall and apply appropriate evidence-based OB principles that accurately explain and assist in correcting dysfunctional workplace behaviour.
- Memorize and restate, with a high degree of accuracy, specific OB research findings as they apply to the contemporary workplace.
- Compare and contrast between North American cultural values, principles, and theories from those that exist in global markets.
- Describe legal, ethical and socially responsible management practices as they relate to the workplace.

- Evaluate and develop recommendations based on evidence for the type of assistance required from the HR Department to effectively recruit, select and orientate new employees so as to have a 'better fit'; thus contributing to a more productive workforce.
- Investigate and prescribe which of the motivational theories would be most effective in enhancing employee productivity given certain workplace situations.
- Differentiate between the various leadership models; explain the correlation between a leader's vision/philosophy/values and how such become formalized via organizational design, structure, culture.
- Describe the possible distortions of individual behaviour that can occur as a result of working in a strong group environment; especially as it relates to the socialization process.
- Understand the internal and external pressures forcing change within organizations; articulate the metamorphosis towards more globalized organizations and the increased need for stronger people-oriented management.

**Course format**

There are several sections of MOS2181 being taught this semester; although all follow a common curriculum, each operates under a unique format. You must attend the section in which you are registered. **The various sections taught by various teachers use diverse methodology/delivery techniques and are NOT interchangeable.**

***LEARNSMART – found on the CONNECT site of McGraw Hill (password comes w/textbook purchase)***

- Once you have purchased your textbook – either a hard copy or the e-book, go to the following web address and click ‘register now’ button. You will need the password to gain access to the site . . . passwords are supplied by the publisher when you purchased your textbook from the bookstore. For hard copy books, the password came attached to your book. For e-books, the password was probably provided on your bookstore receipt – double check with the UWO bookstore that you purchased an e-book that needs a password. Your section web address is: <https://connect.mheducation.com/class/v-digby-mos2181-650-and-651>
- Once in CONNECT, register for our section and proceed to review LEARNSMART. Details and a tutorial regarding online CONNECT/LEARNSMART will be made available in OWL during week #2. The LEARNSMART site is rather intuitive, so you may find success on your own by opening the Library menu and then going through the various items listed.
- Understanding the opening page of CONNECT:
  - You’ll first see the front cover of the OB textbook (Colquitt, 3<sup>rd</sup> Cdn edition) - you may click on it to go directly to the e-book pages.
  - Also, notice that on this opening page, there are 10 chapter assignments listed – the first chpt 4 opens January 18<sup>th</sup> @ 6am and closes January 24 @ 11:59 pm. You’ll be expected to complete this assignment online during the week it opens – mark it on your calendar and note all future assignment due dates.
  - In the toolbox header, you’ll see the Library tab – click it to go to the list of resources available for your learning, including the link to LEARNSMART. If you ever want to go back to the opening/home page, just click the home icon in the upper left side of the toolbox header.
  - Also in the toolbox header is the Performance tab – click it to keep track of your ongoing performance within the adaptive learning assignments.
  - In the lower corner of the opening page, there is a link-out to recorded videos, note that there are no recorded lectures posted for this course – so you may disregard that part of the opening page.

We will be following the schedule below – there are a total of 10 LEARNSMART chapter modules that will have to be completed:

<b>Week/Chapter</b>	<b>Date Module Opens</b>	<b>Date Module Closes</b>	<b>Weight Factor</b>

## **7. University Policy Regarding Illness**

### ***Illness***

The University recognizes that a student's ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean's office (the Office of the Dean of the student's Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student's file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy

[http://www.uwo.ca/univsec/pdf/academic\\_policies/general/privacy.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/general/privacy.pdf)

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean's Office in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.)

For any class work worth less than 10% of the total course grade, it is up to the instructor to determine if a makeup will be allowed contingent on medical documentation supplied by the student to the university. A form to be completed by off-campus physicians is available at:

[http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf)

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

### ***Make Up Examinations***

The student must write a make-up exam if the regularly scheduled exam is missed for reasons for which adequate documentation is received by the instructor (this documentation must be supplied by the Academic Counselling office). Students are responsible for contacting their professor ***IN***

**ADVANCE** if they are unable to write an exam for any reason. Exams must be written on the scheduled dates unless you have a legitimate excuse recognized by university admission. Valid reasons include medical or compassionate reasons, and must be substantiated by proper documentation (e.g., a medical certificate). A student who misses a regularly scheduled exam for any other reason, or who is unable to justify a claim, will be assigned a zero for that exam. All necessary supporting documentation must be submitted in a timely fashion.

### **MIDTERM EXAMINATIONS**

- If you are unable to write the midterm exam, inform your instructor (preferably prior to the scheduled date of the test). If the instructor is not available, leave a message for him/her at the department office.
- Be prepared, if requested by the instructor, to provide supporting documentation. Submit your documentation to the Social Science Academic Counselling Office.
- Make arrangements with your professor to reschedule the test.
- The Academic Counselling Office will contact your instructor to confirm your documentation.

### **FINAL EXAMINATIONS**

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

- You require the permission of the Dean, the instructor, and the Chair of the department in question to write a special final examination.
- If you are unable to write a final examination, contact the Social Science Academic Counselling Office in the first instance to request permission to write a special final examination and to obtain the necessary form. You must also contact your instructor at this time. If your instructor is not available, leave a message for him/her at the department office.
- Be prepared to provide the Social Science Academic Counselling Office and your instructor with supporting documentation.
- You must ensure that the Special Examination form has been signed by the instructor and Department Chair and that the form is returned to the Social Science Academic Counselling Office for approval without delay.

### **ON-LINE PARTICIPATION**

It is expected that students will participate and complete all online learning modules. There are no class lectures, therefore no class notes to share. Students must complete all modules within the timelines posted. In keeping with university policy, the online weekly assignments allow for one week to complete and are worth 2% each - makeups/extensions are at the discretion of the instructor and will follow the 'less than 10% rule' as stated in the Policy on Accommodation for Medical Illness.

## **8. University Policy on Cheating and Academic Misconduct**

Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses (see section 9.0 below). Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to

avoid cheating can be obtained from the office of the Ombudsperson, Room 3135 WSS, (519) 661-3573.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

## **9. Procedures For Appealing Academic Evaluations**

In the first instance, all appeals of a grade must be made to the course instructor (informal consultation). If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Assistant Program Director or Designate of the BMOS program. If the response of the Assistant Director is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

## **10. Student Responsibilities**

Material covered in weekly LEARNSMART activities will not always be the same as material covered in a typical classroom lecture, but they are directly tied to the textbook. In addition, items/articles/multi-media that are posted by your professor on OWL should be viewed as complimentary and not redundant. As such, students who want to do well in this course are strongly encouraged to review and engage on a weekly basis to help prepare them for examinations.

## **11. Support Services**

The Registrar's office can be accessed for Student Support Services at <http://www.registrar.uwo.ca> Student Support Services (***including the services provided by the USC listed here***) can be reached at: <http://westernusc.ca/services/> Student Development Services can be reached at: <http://www.sdc.uwo.ca/> Students who are in emotional/mental distress should refer to Mental Health@Western [http://www.health.uwo.ca/mental\\_health/](http://www.health.uwo.ca/mental_health/) for a complete list of options about how to obtain help.

## **12. Other Issues**

### ***Grade Policy***

The DAN Program has a grade policy, which states that for courses in the 1000-2999 range, the class average must fall between 65% and 70% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Undergraduate Chair or Chair. Class averages are not grounds for appeal.

### ***Short Absences***

If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

### ***Extended Absences***

If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

### ***Academic Concerns***

If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.
