</table>

Students are required to complete all components of the course. No component will be dropped or reweighted.

EXAMS
Exams are multiple-choice, two hours long and closed book. Students are responsible for all assigned reading and handouts, whether or not the material is discussed in class. Students who wish to succeed in this course must have a thorough understanding of the course material. Exams are designed to evaluate the ability of the student to apply the learned material to novel fact situations, and not simply to recall facts or concepts from the material.

The midterm exams will be during class time on dates to be announced in class and posted on OWL. The final exam will be scheduled by the Registrar during the final exam period. Students should not finalize end-of-term travel plans until the date and time for the final exam has been set.

Students must bring student identification to all exams.

Electronic devices of any kind (including pagers, cell phones, smart watches and calculators) are not permitted at exams.

Exams will be scored using software which examines the answer sheets for unusual coincidences in the pattern of answers given which may be indicative and used as supporting evidence of cheating.

CLASS PARTICIPATION
Your mark will be based on your level of contribution to class discussions and participation in group exercises, role plays, and assigned activities. Disagreeing with me and offering counter arguments is both welcomed and encouraged. (I love a good debate!)

Students are expected to attend all classes and to participate actively in their own learning. Active learning means paying attention in class and taking responsibility for your own learning, as well as helping others to learn more about course material. Active learning in this course can include, but is not limited to, contributing to class discussion, presentations or debates, application exercises, posing interesting questions, and/or bringing relevant media articles or other exhibits to the attention of your instructor. Note: Playing games, texting, processing e-mail or surfing the internet for non-class related reasons on a laptop or other electronic device during class is considered to be a distraction to other
students and to the instructor. Such activity will be interpreted as a decision on your part to NOT participate in class activity, and will thus reduce your participation mark.

I will assess both the quantity and quality of your participation in each class, based on attendance and the following criteria for evaluation.

A – EXCELLENT contribution

- Attends all classes and places full attention on the lecture
- Contributes consistently to class discussions and supports contribution of colleagues
- Contributions indicate preparation and critical thinking
- Frequently shares insights and/or facilitates understanding of difficult concepts
- Occasionally builds arguments for a position
- Provides leadership in creating positive environment

B – GOOD Contribution

- Attends class regularly, places attention on the lecture, and contributes consistently to class discussions
- Contributions indicate preparation and careful thought
- Often willing to explain difficult points or concepts
- Occasionally builds arguments for a position
- Supports positive classroom environment

C – FAIR Contribution

- Attends class occasionally or often and/or contributes to class discussion occasionally
- Provides minimal evidence of preparation and thought
- Rarely builds arguments for a position

D - POOR Contribution

- Attends class infrequently and/or rarely if ever contributes to class discussion or attends class but spends considerable class time texting or surfing the internet
- Provides little or no evidence of preparation or thought
- Distracts other students from class activity

Participation is recorded following the conclusion of each class. If you have a medical or other condition that prevents you from attending class regularly (or participating actively as described above), advise the instructor early in the semester. You will be required to provide confirmation of your situation from the Academic Counselor. See the University Policy Regarding Illness and personal situations described in the General Information section (regarding term tests, final examinations, short absences, extended absences, documentation of various personal situations and academic concerns) which forms part of this Course Outline.

CLASS SCHEDULE, ASSIGNED READINGS, AND EXAM DATES

The class schedule, assigned readings, and exam dates are posted on OWL. Students are responsible for all assigned readings, whether or not the material is discussed in class.

ATTENDANCE

Students are expected to attend all classes. I do not conduct make-up classes during office hours or provide lecture notes. If you have to miss a class, you are encouraged to obtained lecture notes from a classmate.
MISSED EXAMS
A missed exam will result in a mark of zero for that exam. If the missed exam is due to a reason for which Academic Counselling recommends accommodation, then a make-up exam will be scheduled. If Academic Counselling does not recommend accommodation, no accommodation will be given. Students must follow the procedures set out below in order to receive accommodation for a missed exam.

MAKE-UP EXAMS
Make-up exams will only be scheduled in exceptional circumstances and only after I have received written recommendation for accommodation from Academic Counselling. Documentation will be required in all cases.

RECORDING OF CLASSES
Students are not permitted to record any portion of a class, audio or video, without the prior written permission of the professor.

UNIVERSITY POLICY REGARDING ILLNESS AND SPECIAL CIRCUMSTANCES
Illness
The University recognizes that a student's ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student's overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean’s office (the Office of the Dean of the student’s Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student’s file, and will be held in confidence in accordance with the University's Official Student Record Information Privacy Policy http://www.uwo.ca/univsec/pdf/academic_policies/general/privacy.pdf

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean’s Office in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.)

A form to be completed by off-campus physicians is available at:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.
In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

Make Up Examinations
A missed exam will result in a mark of zero for that exam. If the missed exam is due to a reason for which Academic Counselling recommends accommodation, then a make-up exam will be scheduled. If Academic Counselling does not recommend accommodation, no accommodation will be given. Students must following the procedure noted above for academic accommodation.

UNIVERSITY POLICY ON CHEATING AND ACADEMIC MISCONDUCT
Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses (see section 9.0 below). Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson, Room 3135 WSSB, (519) 661-3573.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

PROCEDURES FOR APPEALING ACADEMIC EVALUATIONS
In the first instance, all appeals of a grade must be made to the course instructor (informal consultation). If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Assistant Program Director or Designate of the BMOS program. If the response of the Assistant Director is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

OTHER ISSUES
Grade Policy
The DAN Program has a grade policy which states that for courses in the 3300 – 4499 range, the class 
average must fall between 70% and 75% for all sections of a course taught by the same instructor. In 
very exceptional circumstances only, class averages outside this range may be approved by the 
Undergraduate Chair or Chair. Class averages are not grounds for appeal.

Short Absences
If you miss a class due to minor illness or other problems, check your course outlines for information 
regarding attendance requirements and make sure you are not missing a test or exam. Cover any 
readings and arrange to borrow the missed lectures notes from a classmate.

Extended Absences
If you are absent more than approximately two weeks or if you get too far behind to catch up, you should 
consider reducing your workload by dropping one or more courses. The Academic Counsellors can help 
you to consider the alternatives. At your request, they can also keep your instructors informed about your 
difficulties.

Academic Concerns
If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.
