DAN Management and Organizational Studies strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities. Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2111 ext 82147 for any specific question regarding an accommodation. More information about “Accessibility at Western” is available at: http://accessibility.uwo.ca

2. Calendar Description

2.1 Course Description:
This course deepens students’ understanding of the Income Tax Act (Canada) and its effect on business decisions. Analysis consists of complex taxation issues at the personal and corporate level as well as a variety of complex issues such as rollovers, estate planning and the taxation of trusts and international taxation.

Antirequisite(s):

Prerequisite(s): MOS 3362A/B and enrolment in 4th year of BMOS.
Corequisite(s): Pre-or Corequisite(s):
Extra Information: 3 lecture hours, 0.5 course
2.2 Senate Regulations
Senate Regulations state, “unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.”

3. Textbooks

4. Course Objectives and Format
4.1 Course objectives
To learn and practice advanced concepts in Canadian Income Tax and gain familiarity with the Income Tax Act.

4.2 Course format
Lecture, problem solving, examinations & application of knowledge gained via a term project.

5. Learning Outcomes
Building upon the knowledge and skills of Introduction to Taxation in Canada – MOS3362A/B, students who successfully complete Advanced Issues in Canadian Taxation – MOS4462A/B will be able to:

- Assemble and properly arrange complex and diverse financial information in order to accurately calculate net income, taxable income and federal income tax payable for corporations, trusts and taxpayers involved in partnerships. (AK)
- Identify opportunities to minimize tax consequences of financial transactions involving corporations and their shareholders and generate multiple solutions. (AK)
- Develop a solution to a tax planning scenario in order to minimize the tax consequences by balancing both short and long term taxpayer objectives and communicate their recommendations in a professional format. (CS)

You must complete ALL written components to pass the course.

There are no exceptions to this. Extra assignments to improve grades will NOT be allowed. Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: You are responsible for your grades in this course.

HOW TO DO WELL IN THIS COURSE:

This is not a class for sitting back and watching. You have to be willing to do tax in order to understand tax.

I will be teaching new material by working through problems, discussing Income Tax Act (ITA) wording and layout, and you are expected to be actively engaged in this process. You will not merely copy down solutions; you will determine solutions to problems during class. Some of the in-class problems are listed on the course outline. Some are not. There will be additional problems to help you become more competent with the material. This will often involve collaborating with other students. The problems noted on the class schedule are to give you practice.

Please keep these things in mind:

1) Come to class every class, no exceptions.
2) Do the practice Exercises from the text book. When doing the exercises, do not look at the solutions first. Please allow yourself to benefit from the process of making mistakes. After you complete an exercise, check the Study Guide to see how you did, and make a note of anything that was confusing. Make sure that you understand the correct solution before moving on.
3) Attempt the Assigned Problems before the class in which they will be discussed.
4) Stay up to date with the material; you can't afford to fall behind.
5) Do as many extra problems as you possibly can find time for.

Important: This is not a course to take for easy credit. It is extremely challenging, and there is an incredible amount of information for you to learn and to remember. No two problems look alike. Watching me do tax problems in class might be fun (but probably isn't), however, it won't help you do tax problems on your own.

My number one hint is: Practice. That is also my number two, three and four hints:

PRACTICE     PRACTICE     PRACTICE
DID I MENTION YOU NEED TO PRACTICE?

7. Mid-Term and Final Exams:

You must complete all written components in order to pass the course.
The exams will consist of a combination of multiple choice questions and problems, similar to problems which have been dealt with both through the assigned problems and those completed in class. You will be permitted to bring your copy of the ITA to the exam with you as reference for solving the problems on the exam. You may write in the MARGINS of the ITA, but NOT at the bottom or top of any page or on any blank or partially blank page. You may also have tabs attached to the ITA with section numbers ONLY written on them for ease of reference during the exam. Should notes be found written anywhere other than the margins, or if anything other than a section/subsection reference be found on one of the tabs, your ITA will be removed from your desk during the course of the exam. PLEASE WRITE YOUR NAME & STUDENT NUMBER IN THE FRONT OF YOUR COPY OF THE ITA.

No other items will be permitted at your desk in the examination room. This includes dictionaries, cell phones, PDA’s, CD players, iPod’s, etc. Having an electronic device on your person during an exam is considered an academic offence, whether you use it or not. Having a cell phone in your possession during an exam, WHETHER OR NOT IT IS TURNED ON, will result in an automatic grade of 0 for the test/. These rules will be strictly enforced as it is my responsibility to do everything possible to prevent cheating on examinations.

8. Participation:

(1) 15% of your final grade will be a result of your contribution to class discussion.
(2) It is expected that you will arrive on time, and be ready to work when you arrive.
(3) I will evaluate your participation efforts after each class, taking into consideration both the quality of your participation and the quantity.
(4) Quality is more important than quantity.
(5) It is not anticipated that we will encounter any problems with poor preparation for class, disruptive behaviour, or frequent lateness or absences, however, should you choose to behave in any of these ways, you will experience a negative impact on your participation mark. I appreciate it very much when students advise me that they will be late, have to leave early, or will be absent from class.
(6) The main objective of contributing to class discussion is not to be evaluated, but rather to learn, and to assist other members of the class (including the instructor) to learn.
(7) The following might assist you in deciding on how you will contribute to the class:

- **90% to 100% – Excellent contribution**
  - Consistent contribution to class discussions
  - Contributions indicated preparation for class by pre reading and thinking about assigned material, and making an initial attempt at assigned problems
  - Frequently explains difficult points or concepts
  - Positive direction demonstrated consistently

- **70% to 80% – Good contribution**
  - Consistent contribution to class discussions
  - Contributions indicated preparation for class by pre reading assigned material
  - Often demonstrates the capability to explain difficult points or concepts
  - Positive direction demonstrated consistently

- **60% – Fair contribution**
  - Contributed to class discussions
  - Contributions indicated preparation for class
  - Positive direction demonstrated most of the time
• **40% to 50% – Poor contribution**
  o Contributed to class discussions infrequently
  o Contributions give little indication of preparation for class
  o Did not aid in developing a positive classroom atmosphere

• **less than 40% – Unsatisfactory contribution**
  o Rarely contributed to class discussions
  o Gave no indication of preparation for class
  o Actively inhibited or impeded the course of class discussions

• **PLEASE NOTE:** Participation marks must be earned. They are not negotiable, however it is important that you understand why you get the mark that you do, so I am always available to discuss matters like this. **You should seek feedback on how you are doing at least once during the term. You are encouraged to seek feedback multiple times during the term.**

9. **Lecture and Examination Schedule**
   See course site.

10. **University Policy Regarding Illness**

10.1 **Illness**
   The University recognizes that a student’s ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean’s office (the Office of the Dean of the student’s Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student’s file, and will be held in confidence in accordance with the University’s Official Student Record Information Privacy Policy
http://www.uwo.ca/univsec/pdf/academic_policies/general/privacy.pdf

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean’s Office in consultation with the student’s instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.)

A form to be completed by off-campus physicians is available at:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf
Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean’s office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

10.2 Make Up Examinations
- The student must write a make-up exam if the regularly scheduled exam is missed for reasons for which adequate documentation is received by the instructor (this documentation must be supplied by the Academic Counseling office).

10.3 Attendance
- It is expected that students will attend all classes. If you miss a class, some lecture notes may be posted online after class is over. Please consult a fellow student for information regarding missed materials.

11. University Policy on Cheating and Academic Misconduct
Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses. Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students’ papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson, Room 3135, WSSB, (519) 661-3573.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn’t know it was wrong" will not be accepted as an excuse.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University. PLEASE NOTE: The MOS policy for having a cell phone on your person during an evaluation, whether or not it is turned on or accessed in any manner, is an automatic 0 on the evaluation.
12. Procedures For Appealing Academic Evaluations

In the first instance, all appeals of a grade must be made to the course instructor (informal consultation). If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Assistant Program Director or Designate of the BMOS program. If the response of the Assistant Director is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

13. Student Responsibilities

Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as **complimentary** and not redundant. As such, students who want to do well in this course are **strongly encouraged** to attend lectures on a regular basis. Please note that the instructor will not be providing copies of all lectures notes or overheads. Therefore, if you miss a lecture, you should try to obtain this material from another student.

In this class, some students may be unaware that their private discussions are distracting to other people. If you feel that students are distracting your attention from the material, then you should ask them to be quiet. If you feel uncomfortable doing this (or the problem persists), then please see the instructor. In addition, please avoid engaging in private discussions with other students during the lectures.

To avoid unnecessary distractions, please arrive to each class on time.

14. Support Services

14.1 Support Services

The Registrar’s office can be accessed for Student Support Services at [http://www.registrar.uwo.ca](http://www.registrar.uwo.ca)

Student Support Services *(including the services provided by the USC listed here)* can be reached at: [http://westernusc.ca/services/](http://westernusc.ca/services/)

Student Development Services can be reached at: [http://www.sdc.uwo.ca/](http://www.sdc.uwo.ca/)

Students who are in emotional/mental distress should refer to Mental Health@Western [http://www.health.uwo.ca/mental_health/](http://www.health.uwo.ca/mental_health/) for a complete list of options about how to obtain help.

15. Other Issues

15.1 Grade Policy

The DAN Program has a grade policy which states that for courses in the 4000 range, the class average must fall between 70% and 77% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Assistant Director or Director. Class averages are not grounds for appeal.

15.2 Short Absences.

If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

15.3 Extended Absences.

If you are absent more than approximately two classes or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.
15.4 Academic Concerns.
If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.

15.5 Important Dates:
February 20, 2017: Family Day
February 20 - February 24, 2017: Reading Week
April 7, 2017: Winter term ends

16. Other Information
• Bring student identification to exams.
• Nothing is to be on/at one's desk during an exam except a pen, pencil, an eraser, a non-programmable calculator, a copy of the ITA and the individual's student card. (no pencil cases)
• Do not wear baseball caps to exams
• Do not bring music players, cell phones, beepers, or other electronic devices to exams
• For The University of Western Ontario Senate Regulations, please see the Handbook of Academic and Scholarship Policy at: http://www.uwo.ca/univsec/academic_policies/index.html

17. E-mail Policies
The following policies apply to all emails between students and the Professor. Please respect the fact that the Professor receives hundreds of emails from students and must deal with those emails in a fair and organized manner. Non-acceptable emails will receive a reply saying only “Please see Email Policies on the course outline”.

17.1 UWO.CA Email Addresses Only
For privacy reasons, students must use their Western email accounts to contact the Professor. The Professor will not respond to emails from non-uwo.ca addresses (e.g. hotmail.com, gmail.com, etc.). (However, the professor, for the sake of expediency, may respond to queries from an outside email address.)

17.2 Subject Line Must Include Course and Section Number
The subject line of emails must contain the name or number of the course, and the section number in which the student is enrolled. The Professor teaches different courses and sections and cannot properly respond to questions if he does not know which course or section you are enrolled in.

17.3 Acceptable Emails
• questions about the course content or materials
• asking to set up an appointment to ask questions or review an exam
• notification of illness or other special circumstances
• providing constructive comments or feedback about the course

17.4 Non-Acceptable Emails
• questions that may be answered on OWL or on this course outline
• asking when grades will be posted
• asking what grade a student received – grades are posted as available
• asking where or when an exam is scheduled or the material covered on an exam (if you ask the instructor whether or not something will or will not be on an exam, the answer will always be, “Yes” whether or not “Yes” is the correct response.)
• requests for grade increases, extra assignments, or reweighting of course components
